NIXONS

project exclusive

Nixons Project Exclusive, the best of British design, craftsmanship & service.

Truly great luxury kitchens in a world where innovation is all too often hampered by compromise, a rarity available only to the genuinely discerning.

One to one design consultations realise the most exceptional design solutions for each project.

There are truly no limits, tell us the style you want, the colour you want, the texture you want, the design you want and leave the rest to us.

Created as the ultimate in kitchen experience, Nixons Project Exclusive is genuine bespoke luxury and most definitely world class.

With two furniture solutions to provide inspiration in European and traditional English design, Nixons Project Exclusive is the perfect solution for all luxury developments.

With two furniture collections to provide inspiration in European and traditional English design, Nixons Project Exclusive is the solution for every luxury development.

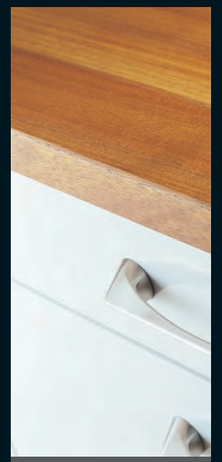
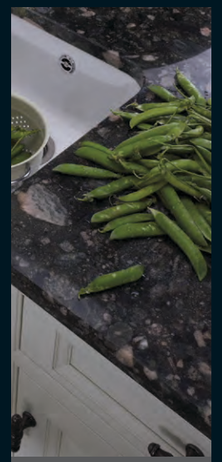
Worktop Materials

All of our work surface materials are manufactured to the most exacting standards. They are an important and integral part of your kitchen. We use natural wood, laminate, Corian, Silestone or Granite from only the best world sources. These will help maximise your beautiful new bespoke kitchen allowing you to further personalise. This is your space finished in your way.



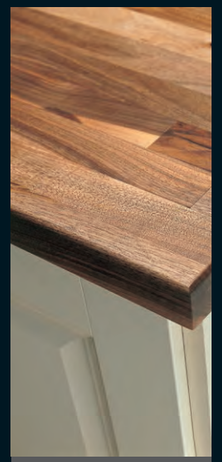
Duropal®

Since 1958 Duropal® has been a world leader in the manufacture of decorative high pressure laminates. Throughout the years Duropal® has been at the forefront of technological development to create beautiful designs and a quality you can trust, with over 100 designs to choose from you will be spoiled for choice.



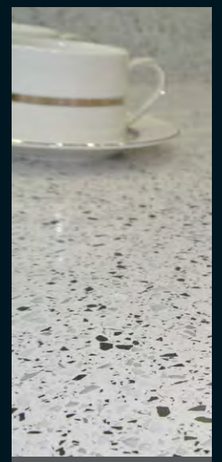
Granite

For over 500 years, Granite has formed from Igneous rock. When molten rock beneath the Earth's surface cools and solidifies, Granite is born. These rocks contain complex minerals and form crystals within their structure, giving rise to the stunning visual surfaces in our polished Granite stone collection.



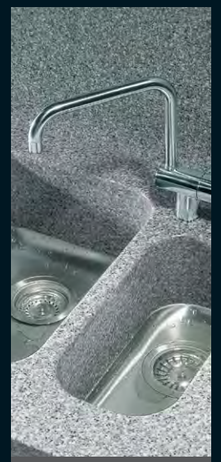
Wood

Our solid wood really is the best of nature. Our comprehensive range of 13 timber species complements both our classic Heritage and contemporary Concetto furniture. Whether it be our best-selling oak or our most exotic timber the impact is amazing.



Silestone®

Just when you thought nature hadn't provided sufficient variety, along comes Silestone® the world's leading producer of quartz surfaces designed specifically for luxury kitchens. With the highest quality guaranteed and lots of choice of colour and texture, Silestone® will not disappoint.



Corian®

DuPont™ created Corian® more than 30 years ago. This is a beautiful, warm and durable surface created from an advanced blend of natural materials and pure acrylic polymer. Corian® is a world leader in its market, a true brand of trust. You will love the soft tones and brave bright colours.

Exceed Expectations

The Best of British Design

Design

At Nixons Project Exclusive we offer a true team to team project design consultation, the ideas carved from our discussions will be presented back in our tailored design package. Remember the design is the start of the exciting process and our job is to translate your requirements in a passionate and emotional way with a real sense of practicality. Our timeless designs will be eye catching, fresh and just as important, functional.

Craftsmanship

We manufacture fine furniture to your specific requirements creating a truly bespoke masterpiece in the colour and material of your choice. Our inspiration is our history, we have been perfecting hand crafted furniture for more than 40 years and many of these disciplines remain part of our on-going process.

Service

Just as the design and craftsmanship are personal then so is our service. Our specially developed professionals will assist with advice and project coordination. If you have a specific requirement please just tell us we will make it happen.
